

ALIEN LED Desk Lamp

Fabulous, funky, futurist. Our next generation alien desk lamp is the perfect gift, especially for kids, and a great desk or bedroom light for anyone who looks up to the stars for inspiration. Solid build quality, a sleek design and low running costs make our most popular product great value. We've sold them for offices, bedrooms and to add some modern flair all over the home.

- ✓ Unique, exclusive design for anyone who loves aliens and futuristic styling
- ✓ Great environmentally friendly replacement for traditional halogen lamps
- ✓ Low heat output, which makes it very safe, especially for children
- ✓ Just 4 watts of electricity consumption, low cost and ultra long life
- ✓ A great compliment for any décor
- ✓ Perfect for desks and nightlights, for children and adults alike
